

**N-acetylcysteine attenuates the progression of chronic renal failure***Kidney International* (2006) **70**, 2156. doi:10.1038/sj.ki.5001963**Correction to:** *Kidney International* (2005) **68**, 2208–2217; doi:10.1111/j.1523-1755.2005.00677.x

On page 2208, Abstract – *Results*, lines 13 and 14 should read ‘by a significant reduction in plasma aldosterone and urinary potassium sodium ratio’.

On page 2210, second paragraph, lines 11 and 12 should read ‘Glomerular filtration rate (GFR) and urinary potassium/sodium ratio were calculated’.

On page 2211, Table 2, rows 2 and 3, column 6, should read Urinary potassium/sodium ratio.

On page 2211, Table 3, rows 2 and 3, column 5, should read Urinary potassium/sodium ratio.

On page 2212, paragraph 2, line 4 should read ‘On postoperative UK/Una’

On page 2212, paragraph 9, line 5, should read ‘15 nmol/day; aldosterone  $31 \pm 4$  ng/dl, UK/Una was’

On page 2214, second paragraph, line 5, should read ‘as was the UK/Una ratio ( $0.90 \pm 0.10$  vs  $5.90 \pm 2.0$ )’

**Selection of contrast media***Kidney International* (2006) **70**, 2156. doi:10.1038/sj.ki.5001998**Correction to:** *Kidney International* (2006) **69**, S39–S45; doi:10.1038/sj.ki.5000373

(1) In the above-mentioned article, Table 1, on page S42, should be corrected as follows:

Under Ioversol; the study listed by Webb in the column headed CIN%, it states the CIN% reported in the Webb article is 45%. However, in the Webb article ‘A randomized controlled trial of intravenous N-acetylcysteine for the prevention of contrast-induced nephropathy after cardiac catheterization: lack of effect’ (*Am Heart J* 2004; **148**, 422–429), Table 2, it shows the CIN% for patients receiving N-acetylcysteine to be at 11.4% and those patients in the placebo group to have CIN% of 10.6%. These are the correct incidence not the 45%.

(2) In the same article, one of the authors’ names has been misspelled. It is not Carlo Biguori, but Carlo Briguori.

**Severe hyponatremia followed by extrapontine myelinolysis***Kidney International* (2006) **70**, 2156. doi:10.1038/sj.ki.5002015**Correction to:** *Kidney International* (2006) **69**, 423. doi:10.1038/sj.ki.5000173
